Millbrook

Price:

1300.00 \$

I'm selling a 2004 Honda Recon 250 2X4. It is A 5 speed with reverse. This is a good little ATV and if you know Honda you know how reliable they are. It is in good shape runs good shifts good and looks good.

It has new ring, top end gasket kit , carburetor, air filter, throttle cable, brake cable, battery, fuel line, engine oil, differential oil, front brake pads, front master cylinder, rear end bearing, rear end seals, hand grips, OEM stock snorkel, front right wheel bearings, tie rod ends, plastic cargo box rubber mount and lots of new vent hoses.

Most of these parts are OEM parts. Has newer front and rear tires .

Fires right up! Only problem is that the front brakes don't work.
